SEMESTER EXAM EXEMPTIONS

SENIORS achieving a Meets/Exceeds on all four subjects of the PSAE have no suspensions or unexcused absences from any classes are exempt from all final exams both semesters. Seniors achieving a Meets/Exceeds in fewer subjects are exempt from only that subject on final exams. Teachers are aware of who meets this criterion.

STUDENTS with three absences per semester (per class), with no F in that particular class and no unexcused absences (including suspensions) from that particular class are exempt from the final exam for that class. (Three tardies in a class equals one absence and does count toward the semester exam.)

STUDENTS with an A and no more than five excused absences per semester for that particular class and no unexcused absences (includes suspensions) from that particular class are exempt from the final exam for that class.

*Semester exams may be required in some classes at the discretion of the instructor such as dual credit courses.

*All students are encouraged to take semester exams even though they may not be required to do so. (Students with the option of taking the final exam cannot have their grade lowered.)
